JOHNNY CARL HARTLEY

Lawrence & Mina’s fifth-born (b. 1950)

Written by John Hartley

I am Johnny (John) Carl Hartley. Son of William and Mina Hartley. I was born in a cabin on Grandma’s (Mintia Hartley Breedlove) farm outside of Ava, MO, on June 26, 1950. I am the middle child of nine children. Four older brothers, Michael (1945), Edward (1946), Dayton (1947) and Virgil (1948) were all born in California. My four younger siblings were all born in Wichita, KS—Susan (1952), Stephen (1957), Richard (1960) and Barbara (1962).

We moved from Ava, MO, to Wichita, KS, when I was around six months old (late 1950 or early 1951). Dad went to work for Boeing in Wichita.

Childhood Memories in Ava and Wichita

My brothers and sisters and I have lots of fond memories from when we were growing up. Those memories often included our aunts and uncles plus all their kids. We had lots of family get-togethers on weekends and holidays. We enjoyed our trips to Ava to visit Grandma Hartley.

I remember playing basketball and baseball with James and Kenneth (Aunt Kiree’s boys) after they moved from Ava to Wichita when I was about seven.

We spent a lot of time with Aunt Verda and Uncle Eldon and their three boys, Raymond, Jerry, and Gary. Aunt Dochia and Uncle Bill and their children Sue and Joe were always fun to go see or for them to come to our house.

My Dad, Uncle Eldon, Uncle Bill, and us kids would go hunting for rabbits. We used to have epic rabbit hunts; it was not uncommon to get thirty or forty rabbits. We needed the rabbit meat to help feed all of us.

I remember watching Dad, Uncle Eldon, Uncle Bill, and Larry Masters (cousin Sue’s husband) playing penny ante poker at family get-togethers. Life growing up with eight siblings and all the cousins and aunts and uncles and Grandma was a lot of fun. We had lots of great memories.

Our trips to Ava to visit Grandma Hartley, and every-

one were always a lot of fun. We had a car load with mom and dad and all of us kids. My memories of Grandma's house was when she lived across from the school, and Aunt Kiree (and Iris Ann) lived on the other side of the school. Down the street from Grandma's house towards the town square was a place that sold ice cream (a favorite spot for us kids). A little farther down the street was a hardware store that had pretty much everything. The Ava town square was a neat place to visit with old timers playing dominoes at the courthouse and visiting the Hartley Shoe Store. I can remember coming into Ava, and going by the Rawlings Sporting Goods factory. I remember the smell of fire wood being burned in the winter.

Grandma was such a nice and warm person. I remember her front porch and swing. I remember her Pekingese dog. Grandma was an exceptional cook, great fried chicken, great dumplings, and sumptuous homemade biscuits, and homemade jellies and jams. I really wish I would have had memories of her still on the farm. I loved Grandma.

My Adult Life

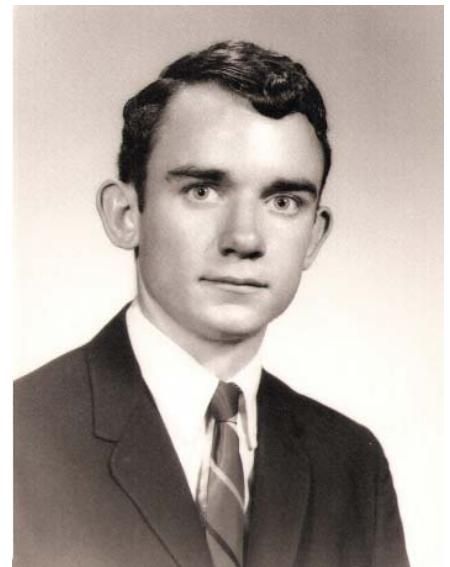

After graduating from Mulvane (KS) High School in 1968, I attended Wichita State University for one semester. Then in February, 1969, I joined the United States Navy. I worked as an Engineman in the Navy, and attained the rank of E-5

(Petty Officer 2nd Class). I was stationed in Charleston, South Carolina, and in Key West, Florida.

Two years in a row my ship, the Howard W. Gilmore AS16 (submarine tender) went from Key West to New Orleans for the Mardi Gras (that was a fun time).

When I got discharged from the Navy in December, 1972, my ship was in the shipyards in Mobile, Alabama.

After I got out of the Navy, I went back to school at Wichita State for a couple of years. I worked part time at Sedgwick County Equipment as a mechanic (repairing farm equipment). It was during this time that I met Marilyn. She had come in to help with inventory.

It would be several years later before Marilyn and I met up again, and it was a short engagement and has been a very blessed marriage. On November 11,

1978, I married the girl of my dreams, Marilyn Elizabeth May in Conway Springs, KS. Marilyn was teaching school at the time, and she was from another large family—her parents, Nick and Zita, had sixteen children--nine girls and seven boys. Marilyn has a twin sister named Carolyn.

In January of 1981, I went to work at Boeing Aircraft, as a maintenance mechanic—I kept the machines operating on which Boeing built the airplane parts. I worked at Boeing for 25 years; then it sold out the Boeing Wichita operation, and the company became Spirit Aerosystems.

The company had the same management and people, just a new name on the front of the building. I worked at Spirit for seven years making a total of 32 years at Boeing/Spirit.

I retired on February 28th 2013. Now Marilyn and I enjoy traveling and baby sitting the grandkids. Retirement is great (some days I even ask Marilyn what day of the week it is).

More About Our Children

All our children (Katie, Jacob, Laura, and Amelia) attended Saint Peter's Catholic School in Schulte, KS. They all graduated from the eighth grade at Saint Peter's. They all attended and graduated from Goddard High School. During their high school years, at different times, they were able to travel to Europe with school groups. Katie, Jacob, and Laura went with Kansas Ambassadors of Music. Amelia went with EF Educational Tours. It was quite an experience for them.

Katie Hartley—Katie played basketball her freshman year of high school. She was known as “The Gunner”, she was a good shooter and not afraid to jack up a shot. Katie has an excellent singing voice and was part of the Madrigals Choir group. She is also an excellent piano player. After graduating from high school, she enrolled at Wichita State University. After one semester, she decided she wanted to be a little farther from home, so she enrolled at Kansas State University in Manhattan, KS. She really enjoyed school at Kansas State. She enjoyed K-State sports and all the social activities.

While at K-State, Katie worked at Pizza Hut. She graduated from K-State in May of 2002, with a degree in Public Relations and a secondary degree in International Studies. She

currently lives in Overland Park, KS and works for Accurate Background. Her job with Accurate requires a lot of traveling, which she really enjoys. Katie has seen a lot of the United States and the world. In August of 2013, Katie traveled to Cape Town, South Africa, to assemble re-furbished playground equipment for Kids Around The World (a charity her company supported). She enjoys her nieces and nephews. She also enjoys attending K-State football games and hanging out with friends. Katie is much like her grandfather, William Lawrence Hartley, she never met a stranger. She is a very caring and friendly girl.

Jacob Hartley—Jacob was a member of the choir in high school and was in several theatrical performances. He was a leading character in *The Lion, The Witch, and The Wardrobe*. Jacob was also *The Lunchroom Lady* in a talent contest. His performance was truly hilarious. After graduating from high school, Jacob got a job at Cessna Aircraft. He worked for Cessna for 3 ½ years, the last 2 ½ years as an inspector. During a company-wide lay off, Jacob was laid off from Cessna. Embracing the opportunity, he decided to pursue his dream to become a chef. He enrolled at Le Cordon Bleu College of Culinary Arts in Scottsdale, Arizona.

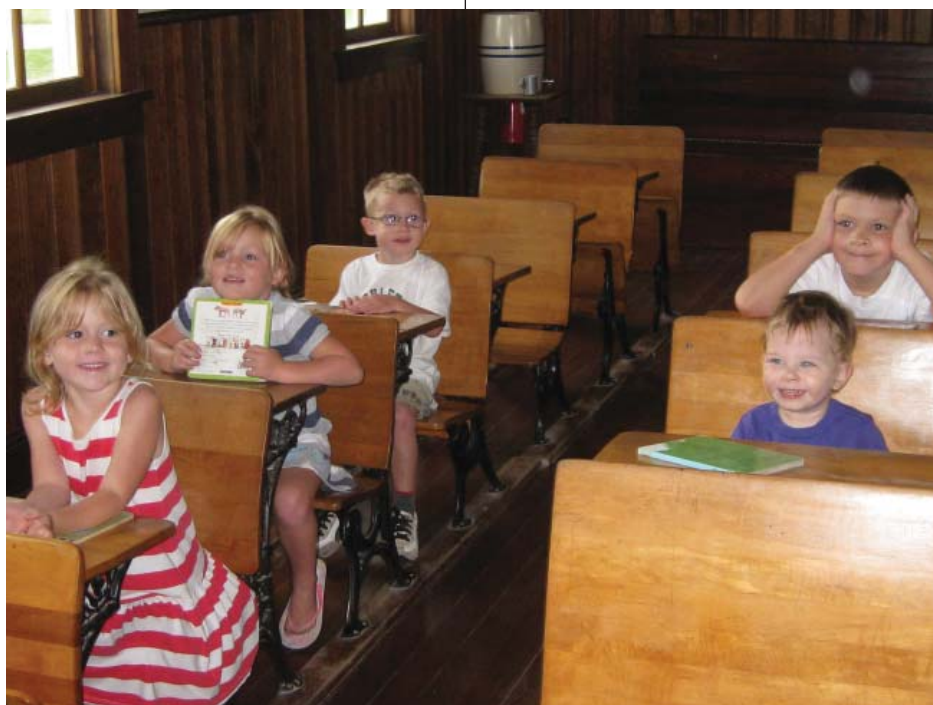

Jacob graduated from Le Cordon Bleu in January 2005. Jacob's four children were born in Phoenix, Arizona (Braxton 2006, twins Ruby & Lucy 2009, and McEwan 2010). After graduating from chef school, Jacob worked as an executive chef at a very nice restaurant in Phoenix called *The Cowboy* and at *AJ's*. In the winter of 2013, Jacob and his family moved back to Wichita. He is currently the head chef for *Blue Moon Catering* in Wichita. Jacob enjoys hunting and cooking and hanging out with his friends and family. He is a very good dad for his children, very patient and loving. Jacob is a hard worker and very well organized with his job.

Laura Hartley—Laura was a manager for the high school football team. Her senior year she was the editor of the school yearbook. Laura was also a page at the state capitol in Topeka, KS. After graduating from
